FIVE ARRESTED ON LYNCHING CHARGE

**Alleged Members of Mob Will
be Prosecuted.**

MURDER CHARGE FOR LYNCHERS

**Public Sentiment in Rowan in Regard
to the Lynching is Said to Have
Undergone a Great Change--Punish-
ment Desired for Mob Leaders.**

Charlotte, N. C., Aug. 11.—Five men have so far been arrested in connection with the lynching at Salisbury Monday night. These are Bud Bullobaugh, George Hall, John Canale, Francis Cress and George Gendle, all Rowan county men, save Hall, who is from Montgomery.

These men were taken into court at 3 o'clock Thursday afternoon. Hall alone was arraigned. He was charged with murder on three counts. He pleaded not guilty. He was represented by ex-Congressman T. F. Klutz. Judge Long warned the other prisoners to employ counsel.

Public sentiment in Rowan in regard to the lynching is said to have undergone a great change and there is now a strong desire that the leaders of the mob be punished. It appears that the actual instigators were men of bad records from other counties. It has been found that the conservative element in the mob the men who saved the necks of a woman and Henry Lee and George Erwin, came from the neighborhood of the Lyster home.

The way of Judge Long and Solicitor Hammer is not going to be as rough as it once seemed. If the man who first beat his way into the jail with a sledge hammer were tried today, it is said that it would not be difficult to find a jury to convict him.

Solicitor Hammer is busy examining witnesses and issuing papers.

\$3,000 Sea Cow Dead.

New York, Aug. 11.—The aquarium's \$3,000 sea cow died Thursday from blood poisoning, caused by the bullet some Floridians fired into her back some time ago before she was purchased by the Aquarium at Miami, about two weeks ago. Three doctors performed an operation on the cow. She was manacled and nearly a foot under the outer skin, the doctors found a 38-caliber rifle bullet. Although the exact price paid for the manatee has not been made public, the figure was reported at \$3,000. As she was on exhibition not quite eight days, the seacow, therefore, cost the city of New York about \$375 a day. The hide of the seacow will be mounted and presented to the museum of natural history.

Impressive Funeral Services.

Memphis, Tenn., Aug. 11.—Impressive funeral services were held over the remains of Juan Edwards, the tenor of the Royal Hawaiian band, who died here Tuesday, the ceremonies taking place Friday. Only visiting Hawaiians took part. The body was placed in a hearse and driven to the depot, preceded by the Hawaiian band which played the native funeral march. The procession attracted much attention, the streets being lined with people. The body of Edwards will be shipped to Honolulu for interment.

2,000 Gold Beaters Strike.

New York, Aug. 11.—A strike of 2,000 gold beaters against open shop began Thursday. James H. McCabe, of the Gold Beaters' union, announced last night that the strike affects 92 firms. It was ordered, he said, for the purpose of driving out the middlemen, or small contractors who take contracts from the large manufacturers and who employ their men on the open shop plan.

Killed by a Moving Crane.

Birmingham, Ala., Aug. 11.—August Lebeck, a well known young man, employed in the construction department of the steel plant, was struck on the head by a moving crane at Foster's machine shop, a few minutes ago, when he was about 25 years of age.

BODY EXHUMED FOR INSPECTION

**Thought Drowned Woman Met Foul
Play, But No Evidence Found.**

Columbia, S. C., Aug. 11.—The sensation caused by the finding of the body of Mrs. Whit Hamilton in the well last Sunday, five days after the disappearance from her home near Dillon, did not end with her burial.

Vague rumors of foul play were rife throughout this section and the inquest was postponed until things could assume some shape.

At the instance of a brother of the deceased and some of the jury, Coroner Lassiter ordered the grave opened and an autopsy held. Although it was one of the hottest days of the summer, a large motley crowd of men and boys, black and white, collected at the family burying grounds, many of them walking about two miles from Dillon, where the disinterment took place. The casket was removed from the grave and carried under a shade tree and opened.

Decomposition, however, had set in, obliterating all evidence, if there had been any, of violence.

Consequently, the jury had to fall back upon the prima facie evidence of suicidal drowning.

General Cutting Affray.

Atlanta, Aug. 11.—Six negroes are locked up at police headquarters and two are in the Grady hospital, one of them in a dying condition, as the result of a cutting affray in the house of Luella Dumas, also a negro, in Pittsburg, at about 10 o'clock Thursday night. The affray appeared to be a general family row, which turned out seriously. Henry Jackson, one of the principals, was almost disemboweled, and in addition to this he received a wound in his heart. He is at the Grady hospital, but is not expected to live. Andy Tennerman is also at the hospital badly hurt. Luella Dumas received a cut on the arm, but was able to be taken to the police station, where she and five other negroes are being held.

Will Try Lynchers.

Springfield, Mo., Aug. 11.—When the trial of Daniel G. Gilbrath, one of the alleged leaders of the mob which in April last hanged three negroes in the public square, is called again on Monday, Attorney General Hadley will be here to assist the state. Governor Folk desires that Mr. Hadley take personal charge of the case. Ever since the mob lynched the negroes he has declared that the state of Missouri was disgraced and only the conviction of the mob leaders would wipe out the stain from her fair name.

Mayor Headed Horse Thieves.

Willistown, N. Dak., Aug. 11.—W. N. Denny, mayor of Willistown, and a prominent banker, has been found guilty on the charge of receiving stolen property. It was charged by the authorities of Valley county, Montana, that Denny was the head of a band of horse and cattle rustlers, and that he disposed of the booty acquired by the gang. The case had been on trial all the week, and the jury found him guilty. Sentence has not yet been imposed.

Bucket Shops Will Cross River.

Augusta, Ga., Aug. 11.—While the Boykin bill effectively stops future contract dealing in Atlanta and Macon, Augusta, and perhaps other cities will continue business. The bucket shop and brokers here will merely move across the Savannah river into South Carolina and continue operations through the medium of telephonic communication. It is understood that quotations will be furnished in the city of Augusta by the use of tickers.

Led Loose Life in Acid Vat.

Augusta, Ga., Aug. 11.—J. Widener, a 24-year-old employe of the Clearwater bleachery, near Augusta, Ga., met a terrible fate Thursday night. The boy was employed in packing cloth in a large vat, in which the material is drenched with an acid. By mistake the vat was flooded before the boy was told to leave the tank. He was immersed in the acid and died in great agony.

Cashier Robbed of \$47,500.

Yonkers, N. Y., Aug. 11.—A young bank of Yonkers, N. Y., was robbed of \$47,500 by a man who was employed as a messenger.

EVERY DISTRICT TO HAVE SCHOOL

**Perry Agricultural Bill Passed
by the House.**

THE TUITION IS TO BE FREE

**Provides for Eleven Agricultural Col-
leges in Georgia To Be Supported
by Fees Derived from the Inspec-
tion of Fertilizers.**

Atlanta, Aug. 11.—The house on Thursday passed the bill of Mr. Perry, of Hall, to establish agricultural colleges in each of the congressional districts of the state, such institutions to be created by authority of the governor, and to be maintained upon fees derived from inspection fees received from the inspection of fertilizers, oil and other inspection fees.

The governor is to appoint a trustee from each county of a district in which such a school shall be established, who shall hold office for six years, which trustees shall control and manage the school. Land, not less than 200 acres may be donated by citizens, together with additional donations in the way of buildings or money.

Tuition is to be free at these schools and the students may receive as much as \$100 per year of the earnings of the school, after one-half of the earnings have been set aside from the sale of products of the farm and the shops, not consumed by the school.

Pupils shall be taught the elementary English branches and agriculture in all its branches, and the mechanic arts. The faculty shall consist of a principal, an intelligent farmer, one superintendent and instructor in farm work, one intelligent mechanic, an instructor in dairying and such other teachers as are required for the carrying out of the purposes of the act.

The fees available from inspection receipts shall be available after the present year, but no sum is to be appropriated for this purpose which would otherwise go to the public school fund.

Charges of official misconduct against Judge John H. Martin, of the Oconee circuit, who lives at Hawkinsville, were filed with Governor Terrell by Samuel Greer, a litigant in that circuit, and transmitted to the house. The speaker appointed a committee of five, Mr. Hall of Bibb, chairman, to investigate the charge and report back to the house whether or not impeachment proceedings shall be commenced against the judge.

At the afternoon session several private pension bills, and local bills were read the third time and passed, and a bill was passed appropriating \$250 and authorizing the governor to appoint a commission of three to meet a similar commission, appointed by the governor of Tennessee, to determine the true line between the county of Dade, Georgia, and the state of Tennessee.

The Boykin anti-bucket shop bill passed the senate by a vote of 28 to 3. The Wheatley substitute was lost by a vote of 29 to 14. With the enactment of the Boykin measure passes out of business in Georgia all bucket shops and so-called legitimate exchanges.

On announcement of the result of the eye and ray call by Reading Clerk Hansell, there was a hush and then loud applause. It required several raps of the gavel before President West could restore order.

All during the debate which lasted for three hours, the senate gallery, for the first time this session was crowded with spectators, as was the lobby.

Awaiting Own Report.

Tokyo, Aug. 10.—(Afternoon).—All facts received up to this time in connection with the Alaskan islands incident, point to a raid by Japanese gunboats. The Japanese press is refraining from comment. It is generally believed that the affair will result in any diplomatic complications. The Japanese government, however, is still awaiting the own report.

CENTRAL STRIKE ENDS.

**All the Demands of the Strikers Have
Been Granted.**

Macon, Ga., Aug. 11.—At a meeting of the striking carmen and inspectors of the Central railway here on Thursday afternoon in Lackey hall, South Macon, a committee representing the railroad was met and all the terms of agreement were fixed so that the men returned to work Friday morning.

All the demands of the strikers were met and granted. The raise of wages in several instances from 2 1/2 to 3 cents per hour was agreed to, as also were the regulation of hours and the drafting of shop rules.

No more orderly or gentlemanly conduct was ever sustained by men who were dissatisfied with their wages. They have throughout the time remained away from the shops and sought other employment until a request was made by railway officials for a conference.

All differences were quickly adjusted at the meeting and the men returned satisfied with the results. This sends more than 200 men back to their posts of duty in Macon, Columbus and Atlanta for the Central alone.

Condemned Negro Created Sensation.

Birmingham, Ala., Aug. 11.—Earle Fletcher, a negro, who was hanged here Friday for the murder of Bob Payne, a fellow convict at Flat Top prison, created a scene by denouncing Criminal Judge S. G. Weaver from the scaffold just before the drop fell. He declared that the judge had granted a habeas corpus to John Williams, a white man from another county, and saved his neck the day before he was due to hang, but when it came to his own case, a citizen of this county, the court went fishing. Fletcher said that "going fishing" was given as an excuse for the judge to leave town to avoid granting him a habeas corpus. Fletcher died without fear, saying he had religion. He was serving a fifteen year sentence for the murder of a negro named Harris, when he brainied Payne with a coal pick.

Killed by Pulajanes.

Mantia, Aug. 11.—First Lieutenant John F. James and two privates of the Eighth Infantry with contract Surgeon Calvin Snyder and Internal Revenue Collector Williams, of Illinois, were killed Thursday afternoon in a hand to hand fight with a force of Pulajanes at Jullita, island of Leyte. The detachment, which consisted of ten men, was greatly outnumbered, but made a gallant fight. The Pulajanes captured three pistols, four Krag-Jorgenson rifles and 600 rounds of ammunition.

200 Machinists Strike.

Sedalia, Mo., Aug. 11.—More than 200 machinists at the Missouri Pacific shops quit work Thursday. The walkout was a protest by the machinists against the violation of an alleged agreement between the shopmen and the officials of the operating department. The strike may spread.

Steamer Brooklyn Aground.

Porta Del Gado, Azores, Aug. 10.—The steamer Brooklyn, from Marseilles to New York, with 330 immigrants on board, went aground while entering this port Friday. Efforts are being made to float the steamer, but the work is meeting with great difficulty.

Lumber Yards Burned.

Omaha, Neb., Aug. 11.—The immense lumber yards of C. N. Dietz & Co., located at Fourth and Leavenworth streets, were destroyed by fire Friday. Loss estimated at \$160,000; insurance fully covers loss.

Died of Heart Failure.

Nashville, Aug. 11.—J. Mack Reagan, general agent of the Prudential Life Insurance company, with headquarters in this city, died of heart failure on a train near Craggle Hope, Tenn., Friday morning.

Mayors to Meet.

Des Moines, Iowa, Aug. 11.—Secretary John M. McKim, of the American League of Non-Resistant Cities, has just announced the program for the annual meeting in Chicago September 25, 26 and 27.

57 PERSONS ARE INJURED IN WRECK

**On the Fort Worth and Denver
Railroad.**

NEAR TOWN OF BOWIE, TEXAS.

**Sleeper and One Day Coach Went
Down a Twenty Foot Embankment.
Special Train Carries Physicians to
Scene of Wreck to Care for Injured.**

Fort Worth, Tex., Aug. 11.—Seventy-five persons are reported injured in a wreck on the Fort Worth and Denver railroad, near Bowie, Tex., and the report is being investigated.

St. Louis, Aug. 11.—A special to the Post Dispatch from Dallas, Tex., says fifty-five persons were injured Friday in an accident on the Fort Worth and Denver City railroad, near Fruitland, Tex.

A special train has gone from here carrying physicians.

The wreck occurred about 1 o'clock in the morning on a long curve near Fruitland, the sleeper, and one day coach went down a 20-foot embankment.

A number of others suffered minor hurts. The majority of the injured were taken to Bowie for medical attention and a number were taken into Fort Worth.

Is Defendant in \$50,000 Suit.

Oyster Bay, Aug. 11.—William Loeb, Jr., secretary to President Roosevelt, was made defendant in a \$50,000 damage suit Friday in which he is charged with having caused the false arrest of Nadage Doree a Jewish writer. The arrest was made in Washington, when Miss Doree was distributing leaflets advertising her work in defense of the Russian Jews at St. Johns Episcopal church. The papers were served on Mr. Loeb by a New York firm of lawyers. They require him to make answer within 20 days in New York. Mr. Loeb will be defended by the department of justice.

Train is Overturned.

Seotaboro, Ga., Aug. 11.—An east-bound Southern freight, train was wrecked about a half mile west of Point Rock. The engine and nine cars were thrown from the track and turned completely over. Claud Golson, a brakeman, who was riding on the engine, was caught beneath and crushed. The engineer and fireman escaped with only slight bruises. The wreck was caused by a loose rail turning.

Great Uneasiness Felt.

Hong Kong, Aug. 11.—Great uneasiness is felt here in view of the increasing evidence indicating that it is the purpose of the new board of Chinese custom commissioners at Peking to override the powers of Sir Robert Hart. The re-establishment of the former powers of Sir Robert are considered by foreign mercantile companies here to be necessary to insure the fair treatment of traders.

Holland Place of Next Conference.

Copenhagen, Aug. 11.—The conference of the International League of Women Suffragists Friday, decided to hold the next conference in Holland in 1906, in connection with which there will be mass meetings at Amsterdam, The Hague and Rotterdam. The conference also decided to publish an official paper in English in the interest of the suffrage movement.

Condition of Crops.

Washington, Aug. 11.—The crop issued a bulletin Friday by the department of agriculture shows the condition of corn on Aug. 1, to be 81.1 as compared with 87.5 last month. Winter wheat crop 693,434,000 bushels, an average of 16.7 bushels per acre. The condition of spring wheat on Aug. 1 was 54.9 as compared with 81.4 last month.

Monticello to Open New Bank.

Monticello, Ga., Aug. 11.—A number of Monticello and Jasper county citizens have purchased the vacant site of a new bank. The exact date of opening has not yet been decided.

HIGH SCHOOL FACULTY WILL BE GOOD ONE

Prof. Tom McBeath Will Be Principal For Next Year.

WILL MAKE GOOD SCHOOL

Wants Gainesville to Record High Average For State University, and Will Work Faithfully to That End—Three Members Yet to Accept.

A partial appointment of the faculty of the High School has been made by the school board of Alachua county at its last meeting, which is as follows:

Tom F. McBeath, principal; Mrs. A. M. Cawthoon of DeFuniak Springs; Miss Annie DaCosta of Gainesville; Miss Mary E. Trotter of Staunton, Va.; Mrs. W. P. Coffey, Misses Cylla Kennedy, Florence Ballis, Mabel Sanchez and Serena Shannon, all of Gainesville.

There will be three more teachers appointed—in fact, they have been appointed, but the contracts properly signed have not been received by the county superintendent, Dr. J. L. Kelley, hence their names will be withheld until their formal acceptance by signing of the contract.

Prof. McBeath, who is well known throughout the entire country as an educator of ability, manifests a great interest in the University High School, because of the fact that he considers this institution especially a preparatory school for the students who apply for admittance to the University of Florida, which is located here. "I want to see Gainesville hold up more in proportion than any other section of Florida," he said, "and to this end we propose to work. We have secured a fine and competent corps of teachers, and propose to make the University High School term the most successful in the history of the institution."

Taken to Calhoun County.

Sheriff James Alexander of Blountstown, Calhoun county, arrived in the city Wednesday for the purpose of taking into custody George Thomas, a negro wanted for horse-stealing in that county.

Thomas, who had been serving a sentence for larceny committed in this section, was arrested immediately after his release from the prison upon a warrant issued from the authorities of Calhoun county.

Sheriff Alexander left with his prisoner on Wednesday afternoon.

Children in Pain

Never cry as do children who are suffering from hunger. Such is the cause of all babies who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. GEO. J. ARNOW.

In addition to the extensive biography of Geo. J. Arnaw which appeared in Thursday's Sun, a friend would add a faint tribute to his memory.

He was married to Miss Esther Lamb of Brunswick, Ga., on May 17th, 1843. They were the parents of thirteen children, three of whom died in early childhood. Mrs. Arnaw died May 17, 1881, and to the motherless children thus left him he was truly father and mother all the rest of his life. He had the unspeakable sorrow of seeing them grow up to beautiful maturity and then pass away before him, until only four remain to weep beside his grave. Nine grandchildren and five great-grandchildren survive to reverse his memory. Though eighty-one years of age his wonderful strength and vitality astonished all who knew him.

He was always a man of independent and vigorous thought, who accepted only the Word of God as his guide and his own conviction of duty as his standard and the walk of the humble Nazarene as his example.

A Confederate soldier during the whole war, as a true son of Florida he served her with credit and distinction. Afterwards, when his honest conviction allied him with the Republican party he ever retained the confidence and respect of the Democrats even through the darkest days of reconstruction. More than once when the affairs of the postoffice seemed hopelessly entangled he was called, Cincinnatus-like, from private life to take charge, so great was the recognition of his business sagacity and personal integrity. While his public life was most worthy and known to all, his devotion to his children was the dominant chord of his whole being, and only they and a few intimate friends knew of his faithful Christian leading in his own home.

He has left his children, his grandchildren and great-grandchildren the priceless legacy of an honorable life, glorified to them by the memory of his tender love.

Many friends accompanied the funeral train from Gainesville, and many others were at the cemetery at Micanopy. Numerous and beautiful floral tributes and telegrams of sympathy were arriving at the residence all the morning. Noticeable among these was a large pillow of white rosebuds, myrtle and tube-roses, bearing the card, "Sympathy from the carriers."

A touching incident of the funeral service was the singing of his favorite hymn, which had often given him comfort in the days of his sorrow:

"Jesus, I my cross have taken,
All to leave and follow Thee,
Naked, poor, despised, forsaken,
Thou from hence wilt lead me home.
Perish every fond ambition,
All I've sought or hoped or known,
Yet how rich is my condition,
God and heaven are still my own.
Let the world forsake and leave me,
They have left my Saviour, too;
Human hearts and looks deceive me—
Thou art not like them untrue.
"Oh, while Thou dost smile upon me,
God of wisdom, love and might;
Foes may hate and friends disown me,
Show Thy face and all is bright."

A truly good man has gone to his glorious reward. Blessed be his memory.

New York Carpenters Strike.
New York, Aug. 9.—The carpenters of the city went on strike Thursday for 25 cents an hour and recognition of the union. Over 14,000 men are out.

BLAIR—RICHARDSON.

Jacksonville Man Wins a Fair Ocala Bride.

Ocala, Aug. 7.—At 5 o'clock Monday afternoon at the office of Judge Joseph Bell, Miss Alice Mary Richardson of this city was quietly married to Mr. James A. Blair of Jacksonville. The ceremony was performed by Judge Bell, the only other witness being Miss Eula Moore, an intimate friend of the girlish bride.

The news of their marriage was a great surprise to their friends and also to the family of Miss Richardson. It was known by them that they would be married some time in the future, but their sudden change of plans was not known until after the marriage. They started out for a walk in the afternoon and then decided to go up town and be wedded at once.

Mrs. Blair is the eldest daughter of Mrs. Sue G. Richardson, and was graduated from the Ocala high school in May. She is quite young, pretty and attractive and was a general favorite with her school friends and teachers, and with all others who had the pleasure of her acquaintance.

Mr. Blair is a successful young lumberman of the metropolis, being associated in business with his father. He is a pleasant and cultured young man and has the sincere congratulations of his friends in the charming bride that he has won.

Summer Diarrhoea in Children.

During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious. All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of castor oil to cleanse the system. Rev. M. O. Stockland, pastor of the First M. E. Church, Little Falls, Minn., writes: "We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children." Sold by all druggists.

Killed a Big Rattlesnake.

J. T. Davis, a trucker of Rocky Point who has always been successful, was in the city Thursday and made The Sun an appreciative call.

Mr. Davis stated that on Wednesday he killed an immense rattlesnake on his farm, measuring five feet, eight inches, and possessing nine rattles and the customary button. He has saved the hide as a souvenir.

This was the first rattlesnake ever seen on the place of Mr. Davis.

G. & G. NOW CUTTING RIGHT-OF-WAY

Large Force of Workmen Engaged in Opening Way for Extension.

TWO MILES ARE NOW CUT

It is Rumored That Three Gangs Will be Employed, and That the Forests Will be Slashed as Hay Before the Mower's Rake.

Superintendent J. B. Cutler of the Gainesville and Gulf railroad has returned from Fairfield and other points on the Gainesville and Gulf proposed extension south to Tampa.

Mr. Cutler states that the cutting of the right-of-way from Fairfield has begun in earnest, and about two miles have so far been cleared. A full force is at work, and the cutting of right-of-way will be pushed vigorously until completed.

The new officials of the Gainesville and Gulf are in earnest, and propose to push the completion of the road to Tampa as rapidly as possible. It is rumored that three forces will be put to work along the line, and will work simultaneously.

A few days ago, at the last meeting of the board of directors, a committee from the Ocala board of trade, representing the best element of the Brick City, appeared before the directors, asking in the name of the board they represented that the main line of the Gainesville and Gulf be extended through that city, instead of several miles to the westward, as had been surveyed. The arguments and addresses of the members of the committee were recognized with interest with the promise that the board of trade would hear from the board of directors at a later date, as this matter must be conservatively considered.

It is the desire of the people of Gainesville that the Gainesville and Gulf main line be built through Ocala, as it would put these two cities in closer touch.

Unnecessary Expense.

Acute attacks of colic and diarrhoea come on without warning and prompt relief must be obtained. There is no necessity of incurring the expense of a physician's service in such cases if Chamberlain's Colic, Cholera and Diarrhoea Remedy is at hand. A dose of this remedy will relieve the patient before a doctor could arrive. It has never been known to fail, even in the most severe and dangerous cases, and no family should be without it. For sale by all druggists.

Mr. Davis concludes his letter with this statement: "I just feel that I can't do without the dear old Sun any longer, as I want the news from home."

Mr. Davis, together with Louis C. Lynch, attended the Grand Lodge session of the Elks in Denver making several side trips. He was accompanied by his mother, who will also go with him to Kentucky.

Mr. Davis enclosed with the letter a souvenir postal photograph of himself and "Lou" Lynch "seeing Manitou," which was indeed amusing. Mr. Lynch was seated in a wheelbarrow, which was propelled in the usual manner by his friend Henry.

"Make Hay While the Sun Shines."

There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. For sale by all druggists.

Has a New Sprinkler.

Through the energy and efforts of the City Council, backed by a popular sentiment, a new Studebaker sprinkling wagon has been installed by the city, which is capable of keeping the street well watered during the summer months hereafter. The sprinkler is of 600 gallons capacity, and will throw a twenty-four-foot stream of spray on each trip. It is calculated that the sprinkler will make a complete sprinkling of three blocks with one "loading," which means that with ordinary efforts the streets can be kept in a comfortable condition.

Galveston's Sea Wall

Makes life now as safe in that city as on the higher uplands. E. W. Goodloe, who resides on Dutton St., in Waco, Tex., needs no sea wall for safety. He writes: "I have used Dr. King's New Discovery for Consumption the past five years and it keeps me well and safe. Before that time I had a cough which for years had been growing worse. Now it's gone." Cures chronic coughs, la grippe, croup, whooping cough and prevents pneumonia. Pleasant to take. Every bottle guaranteed at all drug stores. Price 50c and \$1.00. Trial bottle free.

County Medical Association.

The Alachua County Medical Association held its regular monthly meeting Wednesday evening, which was well attended. There was no business out of the regular routine, although many matters of interest and importance to the profession were discussed.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. E. Ross of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

IN THE MAYOR'S COURT.

Jesse James, Man With Notorious Name, Was Very Disorderly.

Jesse James, a negro who has a name worse than his nerve really implies, was arraigned in the mayor's court Friday morning upon a charge of disorderly conduct.

It appears that Jesse, who is inclined at times to be a little bit sporty, had been gallivanting around with the roosters and pullets of that section of the city known as Frog Alley, when he got a little more than was coming to him, probably because he "chipped in" a couple of elbow crooks more than he was entitled to. Jesse did not get "mad," but "pestered" because it is claimed that he pestered the residents of that classic shaded thoroughfare to such an extent that they were compelled to summon an officer, and Officer Kite responded.

Officer Kite pulled Jesse in, but after explaining to the court that he "didn't mean no harm," and satisfied the court that he was merely having a little fun and didn't intend to cause any row, the case was compromised with the payment of the costs.

Jesse is really not a bad negro, but is full of fun and practical jokes which some of his associates could not understand or appreciate. For instance, no person likes to be suddenly knocked over the head with a bathing-stick unless they know previously that it is to be a joke.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

The 'Possum Escaped.

"Me fata da 'pos, me hav a de good din," was the expression of Nicholas, the Greek who captured an opossum in his candy store while endeavoring to gnaw into a candy box a few days ago, notice of which appeared in The Sun.

Nicholas captured the 'possum, which was about half grown, and fed it highly on garlic and American canned goods which have just passed through a national government raking-over; but the 'possum, evidently dissatisfied with either the garlic, the canned goods or the report of the committee upon the latter, did not like the situation, and escaped.

As a result, Nicholas will "hav a not de fata 'pos" upon which he expected to feast in short time.

Cured Hay Fever and Summer Cold.

A. J. Nuebaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

SCROFULA AN INHERITED MISFORTUNE

Every one has a hereditary right to a pure blood supply, which insures a strong, healthy body; but how many do we see who have inherited that greatest of all misfortunes, Scrofula, and are struggling under a legacy of disease and suffering? Scrofula is a constitutional trouble handed down from parent to child, a curse from generation to generation as long as the scrofulous matter is allowed to remain in the family blood. As the very foundation of the blood is diseased we see this awful affliction manifested in many ways, such as enlarged glands or tumors about the neck, which often burst and become discharging ulcers, weak eyes, chronic Catarrh of the head, skin diseases, etc. This blighting disease being so firmly entrenched in the blood often attacks the bones, resulting in White Swelling, or hip disease, while a pallid, waxey appearance of the skin, loss of strength, and often lung affections show that the disease is entirely destroying the rich, nutritive qualities of the blood. There is but one way to cure Scrofula and that is to purify the blood and rid it of the germ of disease, and for this purpose nothing equals S. S. S. Its purifying and building-up properties make it the ideal remedy for Scrofula. S. S. S. searches out and destroys all poisons and germs, gives strength, richness and vigor to the weak, polluted blood and cures Scrofula permanently. S. S. S. is a purely vegetable medicine, made from roots, herbs and barks and may be taken with absolute safety by young or old. It so thoroughly removes the poison from the blood that no signs of it are ever seen again and posterity is blessed with a pure blood supply. Book on the blood and any medical advice desired without charge.

"To Hell and Back" was the title of a sermon delivered by Rev. C. T. Russell at Asbury Park, N. J., the other day. Our reports indicate that it was a hot talk.

It is said that a woman's tears will bring a man to his knees without fail. Out West, among the female cattle raisers, it also happens that a woman's tears produce similar prostrations.

The Sun recognizes the "fine hand," able brain and dexterous pen of Col. Calhoun in the editorials now appearing in the Tampa Times. As an editorial writer he is without a superior in the State of Florida.

The lynching season is now at its height in several States. Lynching cannot be too strongly condemned, but just so long as murders and outrages are committed and the courts are slow in meting out justice to the guilty, just so long will an outraged people take the law into their own hands.

The Supreme Court of New York has decided that the anti "sweet shop" law is unconstitutional in so far as it relates to the number of women and hours to be employed in a factory. The decision is to the effect that no law can abridge the right of a person who is his or her legal representative to contract for the performance of labor for any number of hours agreeable to employer and employee.

The action of the pardoning board in commencing the sentence of Caldwell and Larkins, who had been sentenced to be hung for the murder of Mr. Epps at Tallahassee, to life imprisonment, has caused considerable indignation in Leon county. Edwards, one of the negroes convicted of the murder, was executed several months ago and stated just before his death that he alone was guilty, and that Caldwell and Larkins were innocent. The murder was one of the most dastardly crimes ever committed in Leon county.

KING COTTON.

Commenting upon the favorable prospects for a good cotton crop the present season, The Wall Street Journal says a crop of twelve million bales would be a great relief to a large part of the industry of the world, by assuring mills now in operation a fairly good supply for the coming year. A crop of this size would also have a very important bearing on the money and credit operations of the country. Twelve million bales, of five hundred pounds each, at ten cents a pound, would have a farm value of six hundred million dollars. About two-thirds of this would go into foreign trade, and give the United States a credit of four hundred million dollars, or substantially the same as last year.

In domestic finance, the cotton crop is of the utmost importance, and a liberal yield is a thing to which the South looks forward with much expectation. There is probably no better collateral for loans than raw cotton. At almost any time the owners thereof can borrow money up to seventy-five per cent of the market value. While the cotton remains in the country, therefore, the crop is capable of commanding cash advances to the amount of four hundred and fifty millions of dollars. As a factor in the purchasing power of the cotton belt, the crop has enormous significance. Between September first and January first, a period of four months, probably two-thirds or three-quarters of this crop will be marketed. The volume of transactions in the sale of such a proportion of the cotton crop will have to pass through the hands of the various classes of retail and wholesale traders, and so represents a stream of business of colossal proportions, when taken as a whole.

What form the purchases of the consumer will take is not easy to anticipate. Only a few years ago, when an enormous cotton crop was in sight, a merchant in a northeastern portion of South Carolina ordered a carload of clocks. When asked what he meant to do with them, he replied: "I know that the people in the surrounding country are going to buy something with the increased money at their disposal. They are likely to buy what we have in stock, especially if it is something for personal ornament and utility combined. Next to clothing and food, they want to add something to their house furnishings; and clocks seem to me to be the most likely thing within their reach. They are not expensive, and will be to many people a sign of luxury which the poor are always anxious to get hold of."

The broadest bearing of the cotton crop on business is seen in its relation to foreign exchange. The capacity to shake a larger proportion than usual with the foreign market means that our money market is apt to be all the easier, on account of this increase. Exchange will be more favorable to the United States, and our industries and our commerce, as well as our financial institutions, will be less likely to be restricted in their operations by tight money. This is all the more so, because of the prospect of the grain crops supplementing the cotton crop with a liberal proportion for export. Authorities on the subject figure that we may have two hundred million bushels of wheat to spare for foreign account. Last year we had one hundred million. A million more bales of cotton than last year, a hundred million more bushels of wheat for export are among the good things of the financial outlook.

RETRENCHMENT (?)

At their meeting on August 9th the City Council passed an ordinance amending section ten of the city charter, giving the council the option of publishing ordinances one time or having same printed for distribution. This question was submitted to the voters in April last and defeated, it requiring a majority of all the qualified electors entitled to vote at such election to amend the charter at a general election.

Undaunted, however, the council comes back and calls a special election, because at such election the charter can be amended by a majority of the votes cast at such election. Evidently the city dads do not wish publicity given to their acts, their contention that the proposed amendment is in the interest of economy.

simply being a blind. True, considerable expense has been incurred in the way of publishing ordinances under the new charter, but whoever knew of a business expanding without incurring additional expense? The municipal authorities, and especially the council, were anxious for a charter along the lines of the Jacksonville charter, and the last Legislature, through the efforts of the Senator from Alachua county, enacted such a measure. It was not, in many respects, what the Senator desired, but he waived his objections (especially that limiting the rate of taxation) in the interest of harmony, and what he was lead to believe to be for the best interests of Gainesville. The increase in the rate of taxation, which we do not think can be shown to be warranted under existing conditions, shows that he should have "stood pat" on this point, and it is to be hoped that the next Legislature will limit the council in this particular at least.

If the City Council would be so particular concerning other expenses as they seem to be regarding the printing bills, there would be no necessity for taxing property owners to such an outrageous extent as they do. No other agency does as much for Gainesville as the newspapers, and the narrow-mindedness exhibited by certain members of the City Council shows their utter unappreciation of the service rendered.

The other day an employe entered the refrigerator of a great storage company. The door flew to its fastenings and imprisoned him. When they found the unfortunate fellow his brain was frozen and the blood clotted in his veins. O, yes, so much depends on environment! Some men have lived so long in their surroundings until every noble thought and impulse have long since died. Men walk our streets who are no more than mere machines—they breathe and move, that's all. They're leeches on the great social body. The man that does not earn his bread—somebody earns it for him, and in it assumes a double task. The output of their life is worthless. The street loafer and town bum ought to go to the junk pile. That's where they throw scrap iron—it's seen it's day.

Jesse Cain, colored, was convicted in the Columbia county circuit court in 1896 of the murder of a negro woman and sentenced to be hung. On the day set for his execution, however, he escaped and for twelve years was at large, during which time he had resided in South Carolina, lead a sober, peaceable life, married, raised a family and accumulated considerable property. Jesse finally "talked too much," though, and was arrested and taken back to Columbia county. A petition was presented to the State Pardoning Board at its recent session asking clemency in his case, and after hearing the evidence and petition of citizens of Columbia county and South Carolina, his sentence was commuted to five years' imprisonment.

Rev. Henry Broad, who has been pastor of the Presbyterian church at Starke for several months, has resigned and joined the Baptist denomination. He is from England and prior to coming to the United States did missionary work in India. Mr. Broad gives as the reason for his change of faith that he has concluded after thorough investigation, that the Baptists are right from a scriptural point of view.

So long as man's health stays by him and he is honest to himself, and to his neighbor, he will ultimately reach the goal he is striving for.

50 DOSES—50 CENTS—AT ALL DRUGGISTS

The killing of W. C. Sellars last Monday night at High Springs was one of the most cold-blooded murders ever committed in the State, and no expense should be spared to ferret out the guilty party. Mr. Sellars was in Gainesville the same day he was killed, being en route to High Springs to assume his duties as a detective for the A. C. L., and the officers are at a loss to understand why he should have been singled out from the other detectives for the assassin's bullet. He was for a number of years chief of the mounted police of Tampa, having, it is said, lost that position recently on account of supporting Mayor Frecker's unsuccessful opponent, Mr. Bowyer.

A Southern man, J. W. Tatam, of Durham, N. C., has recently invented a railroad telephone, which is about to be given a thorough test, and if it is a success it will be one of the greatest blessings of modern times. It is claimed that by this device, engineers will be enabled to talk to each other while their trains are running at full speed, that any engineer on any part of the road can be called from any station, and that in case two trains are in danger a gong will sound in each cab, warning each engineer. If the invention proves a success it will put an end to collisions, as telephone warnings are given automatically when trains are three miles apart.

For the information of certain people the Sun will state that the surplus in the county treasury, derived mainly from the hire of State and county convicts, cannot be used for other than payment of bills against the fine and forfeiture fund, and is not available for the road fund. A special act was passed by the last Legislature converting this surplus to the school fund, but the county commissioners contend that the law is unconstitutional, which contention has been sustained by Judge Willis, and the case has been appealed to the Supreme Court.

Gas in Nottingham, England, is 60 cents per 1,000 feet and at Widnes, in Lancashire, with a population of only about 30,000, it is 30 cents, and large consumers will pay from 22 to 26 cents. This is undoubtedly the cheapest gas in the world, but the profit on the gas works to the municipality that owns them was \$22,887.15. This information is official and is reported by our Consul, F. W. Mahin, to the State Department. What most most of our gas companies be making that charge from 60 cents to \$2 25 per 1,000 feet?

It pays to read the advertisements of enterprising home merchants. They are the people who make a town a trade center. You should remember that they bring the conveniences, necessities and many of the luxuries of life right to your door and as a rule sell you honest goods at a small profit.

One writer says that it is women's demand for cheapness that makes shop proprietors overwork and underpay their employes.

SATURDAY TRAGEDY IN THE WEST END

Marcus Goldsmith Victim of an
Assassin's Bullet.

CHAS. JOHNSON IS IN PRISON

Charged With the Murder—Was Arrested by Conductor Gilmer, Who Recognized Him on Train from Description Furnished.

A shooting occurred at Tyler, in the West End, late Saturday afternoon, with the result that Marcus Goldsmith, a negro, is dead, and Chas. Johnson, also colored, is in jail charged with his murder.

The arrest was made by Conductor Gilmer of the Atlantic Coast Line, to whom a description of the negro had been given. He was brought to this city and lodged in jail.

The particulars are meager—in fact there was no way by which to secure them Monday morning, as Johnson appeared very reluctant to talk.

COL. OLIVER'S OPINION.

Attorney for Lake City in University Case Consents to Talk.

Col. T. B. Oliver of the law firm of Oliver & Hodges, and counsel for the city of Lake City in the University matter, has given out the following interview to The Lake City Citizen-Reporter:

"In answer to hundreds of questions asked of us every day in the University matter, and for the general information of our people of town and county, I would be glad if you would state that—

"All our suits in the State courts to enjoin the removal of the University and equipments are at an end. Judge Malone of Quincy having dismissed our last bills at the hearing there July 19th.

"Since then a bill, containing the pertinent features of all these, has been filed in the United States Court. Judge Shelby of Huntsville, Alabama, acting for Judge Locke, who is absent from the circuit. This bill asks for a temporary injunction and for a decree declaring the removal of the institution an impairment of contract in violation of the Federal Constitution. At the preliminary hearing on this bill the court refused to grant the temporary injunction prayed, probably on either the ground that it would not interfere with the conduct of the school pending the litigation, or because it was shown that most of the material had been removed already and that the injunction would be fruitless.

"At the same time, it was ordered that the defendants, the Gainesville people, answer our bill by the first Monday in October. This means simply that the bill is considered and retained by the court and that this cause is now pending, for adjudication hereafter on the final hearing. When the defendants' answer is filed, it will be excepted to, if sufficient on its face. If sufficient on its face, replication will be filed. This will put the whole matter at issue, or ready for trial, as the public understands it. A master or commission will then be appointed by the court to take all the evidence that may be offered. After this, the case will go to final hearing. If then our contention is sustained, we are put back where we were before the removal, in spite of all the courts and legislatures in Florida. Either party may appeal from the decision in this case to the Supreme Court of the United States. No decision need be expected earlier than sometime in the spring of next year."

A Delightful Affair.

The good people of South Gainesville are not to get behind in social affairs. They gave on Tuesday night on Pearl street, S., a big pillow. The attendants were Misses Lucille Raye, Gossie Scarborough, Elouise Barrow, Lottie Scarborough, Willie Richardson, Mrs. Richardson, Mr. and Mrs. Cox, Mrs. Scarborough, Mr. and Mrs. Plummer, Mrs. Peeler, Mr. and Mrs. Johns, Messrs. Clarence, Leon and Mabry Scarborough and Casper Peeler.

Will Make Home Here.

Among the visitors to this city is C. A. Selden of Sanford. Mr. Selden is a teacher by profession, and naturally a high-toned gentleman. He has come to Gainesville on a "prospecting" tour, and has been driven about the city in our fine rigs, and is well pleased with what he has seen. He has determined to remove with his family here, and it is needless to add that he will receive a cordial welcome.

Commissioners Pass a Resolution Requesting Alachua County Fair Association to Render a Report—Other Matters of Interest.

Gainesville, August 6, 1936

The Board of County Commissioners met this day for the purpose of hearing and adjusting complaints of persons whose taxes had been raised by the board.

Present: John G. Dampier, chairman; J. G. Osteen, C. C. Pedrick, F. F. Paulling and J. F. Townsend.

The meeting being called to order, the minutes of last meeting were ordered approved without reading.

The Board then took up the complaints and made the adjustment, whereupon an adjournment was taken until Tuesday morning at 9 o'clock.

The board adjourned.

FOUL PLAY SUSPECTED.

Colored Woman Found Dead Near Alachua—Investigation Made.

The Alachua Post of Friday, the 10th inst., has the following which will prove of interest:

"A colored woman named Davis was found dead about 4 a. m. yesterday on Julius Thomas' place, near Alachua. The circumstances surrounding the death appeared of such a mysterious character that Judge Caswell deemed it advisable to make a more minute inquiry into the matter and determined on holding an inquest if the facts developed sufficient grounds for it on arriving where the corpse lay. Dr. Caswell left yesterday afternoon for that purpose, accompanied by Dr. J. W. Bishop, J. R. Williams, Foreman Y. Smith and Constable Stevens."

Stopped a Mad Dog.

It said that Frank Clark, Jr., stopped the progress of a dog that was supposed to be mad, killed the animal with a brick, and rescued a baby before the dog was really determined to be dead or not.

Mr. Clark was coming down the street on Thursday, when some one cried "mad dog." His attention was attracted a few yards away to a nurse and a baby carriage, with a dog snarling at the feet of the nurse, and fringing at the mouth. The canine was also making mad leaps at the baby, which was playfully reciprocating the "claps," and the nurse was in highest state of excitement. The young man picked up a brick, put the dog temporarily out of business, took the baby from the carriage and separated himself and the kid by a picket fence.

The dog recovered and made a hasty exit, and that ended the trouble. The dog was mad, but he might not have had hydrophobia.

Mr. Lillienblum is Out.

Friends of B. Lillienblum are glad to hear that he was able to leave the Odd Fellows' Sanitarium Saturday. He cannot speak highly enough of Miss Lynn and her assistant nurses for the kind attention and care given him for the last three months.

As few people know, Mr. Lillienblum was thrown out of a racing car and quite seriously hurt in Vanderbilt preliminary races on Long Island eleven months ago, and in addition catching rheumatism, has been helpless for a long time, never expecting to be able to walk around on his own feet again. He says that it is too good to be true.

Mr. Lillienblum will make his future home in Gainesville and go into the automobile business here.

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

Jake Elliott, a prominent young man of Milton, was accidentally shot by his brother-in-law, Rob. Powell, early Tuesday morning.

The dismembered body of A. Ken Boynton was discovered Sunday morning on the railway track near Hay Branch, the man having been run over by a train.

The date for the joint debate between Governor Broward and John S. Beard of Pensacola, upon the questions involved in the drainage scheme, has been definitely set for August 23rd.

The congestion of freight still continues in Jacksonville, but the conditions are materially improved, and it is hoped in a short while everything will be moving along satisfactorily.

H. J. Enterkin, who was employed in the McVoy mills two miles from Cantonment, was the victim of an accident a few days ago that almost cost him his life. A belt in the mill broke and he was caught in it and only his wonderful nerve saved his life.

J. W. Linton shot and instantly killed Simpson Mason at Bluff Springs Sunday night about 8 o'clock. Linton is now in jail in Pensacola, held upon the charge of murder, while the remains of Mason are at rest at Mount Pleasant cemetery near Bluff Springs.

Three negro men employed as laborers on the Florida East Coast Railway, Key West extension, were seriously injured as the result of a dynamite explosion about 12 o'clock Sunday night. Every assistance was rendered at the time of the accident and later the three were sent to the hospital at Miami.

Hon. John Garey Beardon of Ocala died in Milledgeville, Ga., Monday night. The deceased was a native of Ocala, being the first white child born in Ocala. He was many times mayor of the city, always discharging his duties uprightly and faithfully. He was a brave man, a true friend and a loyal citizen.

A new national bank opened its doors to the business world of Florida in Jacksonville Thursday, to be known as the Florida National Bank of Jacksonville, a conversion of the Florida Bank and Trust Company. The new national bank has been designed by Secretary Shaw, of the Treasury Department, a United States depository. It will, as a national bank, continue its savings department, which branch of business will have the same safeguards and be under the same government supervision as its general banking business.

BACK FROM DENVER.

L. C. Lynch Has Many Good Things to Say of Grand Lodge Meeting.

Louis C. Lynch, past exalted ruler of Gainesville Lodge No. 860, B. P. O. E., has returned from Denver, where he attended the meeting of the Grand Lodge of the order.

Mr. Lynch did not arrive until the afternoon, hence was too tired to talk, so he told a representative of The Sun. It is supposed that he was correct, since it was a long and tedious journey direct from Denver to Gainesville, and Mr. Lynch felt more like resting than anything else.

Mr. Lynch, who was accompanied by G. Henry Davis and his mother, visited many places of interest in Colorado. Mr. Lynch was thoughtful enough to send the city editor of The Sun, who is an Elk and a warm personal friend, a magnificent Elk hide banner with appropriate inscription, as a souvenir of the occasion.

Mr. Lynch has promised to say a few things through the Sun of his trip to Colorado in a few days.

Don't Be Blue

And lose all interest when help is within reach. Herbin will make that liver perform its duties properly. J. B. Vaughn, Elba, Ala., writes: "Being a constant sufferer from constipation and a disordered liver, I have found Herbin to be the best medicine, for those troubles, on the market. I have used it constantly. I believe it to be the best medicine of its kind, and I wish all sufferers from these troubles to know the good Herbin has done me." Sold by W. M. Johnson.

Twenty Picnickers Injured.

Pittsburg, Aug. 10.—Crashing down a 30-foot embankment Wednesday night, the second of two picnic wagons carried with it the twenty persons which it contained and all sustained more or less injuries. The passengers in the wagon were participants in an annual outing of Pride of the West Council, Daughters of Liberty, and all lived in Allegheny, from which place the picnic started earlier in the evening.

Sketch Artists Ruled Out.

London, Aug. 10.—The president of the divorce court has announced that the court had decided that hereafter newspaper artists shall not be allowed to make sketches in court, since the practice was embarrassing and prejudiced witnesses and because it was not in the public interest to pictorially draw attention to divorce cases.

The End of the World

Of troubles that robbed E. H. Wolfe of Bear Grove, Ia., of all usefulness, came when he began taking Electric Bitters. He writes: "Two years ago kidney trouble caused me great suffering, which I would never have survived had I not taken Electric Bitters. They also cured me of general debility." Bore cure for all stomach, liver and kidney complaints, blood diseases, headache, dizziness and weakness or bodily defects. Price 50c. Guaranteed at all drug stores.

STATE FAIR NOTES.

The finest band music ever heard south of the Mason and Dixon line will be among the principal amusement features of the coming Florida State Fair to be held at Tampa, November 14th to 26th. The band engaged for the Fair is the Royal Red Hussar Band of England, which will arrive shortly from Europe to tour the principal cities of the country. The band is composed of forty-five pieces, and is under the direction of Lieutenant Amers, formerly leader of the Royal Orchestra of England, and a member of King Edwards' household. Lieutenant Amers has played in all the principal musical centers of Europe, and is known as the "Sousa of Europe." The band had intended coming no farther South than Washington, but will be brought to Tampa at the expense of several thousand dollars per week. The playing of this band should be well worth a trip to Tampa.

What will be one of the most interesting features of the coming State Fair at Tampa will be the grand display of relics, for which a large and special department will be prepared, and probably an additional building. Relics of every kind pertaining to Florida's past history are desired for exhibition, and premiums will be offered on all. Relics and antiques of the old days when the Indians held full sway in Florida, followed by the advent of the Spaniards, also those of the Indian War and Civil War periods are desired. There will be appointed to look after this department special superintendents, and every exhibit will be kept in absolute safety. Those having relics and antiques worthy of exhibition should address President T. J. L. Brown at Tampa immediately.

The horse races at the coming State Fair will be even better than those last year, which were more exciting and better conducted than any ever held in Florida. When the Fair gates open several hundred fine horses will be at the track, a large attendance being guaranteed by the formation of a Southern Racing Circuit extending through Kentucky, Tennessee, Georgia, Alabama, the Carolinas and Florida, Tampa being the only Florida city in which the races will appear. None but running races will be held at the Fair.

Stomach Troubles and Constipation.

No one can reasonably hope for good digestion when the bowels are constipated. Mr. Chas. Baldwin of Edwardsville, Ill., says: "I suffered from chronic constipation and stomach troubles for several years, but thanks to Chamberlain's Stomach and Liver Tablets am almost cured." Why not get a package of these tablets and get well and stay well? Price 25 cents. For sale by all druggists.

Father Commanded Son to Kill.

Frederick, Md., Aug. 10.—At the command of his father, Fred Debold, 11 years of age, son of John Debold, shot and killed George Smith, a son of their neighbor, Edward Smith, near here Wednesday evening. There had been bad feeling between the two families and Wednesday they quarreled over blackberries the Smiths had picked on Debold's land. "Shoot him!" said Debold to his son, pointing at the younger Smith. The boy fired a load from a shotgun which struck Smith over the heart, killing him instantly. Both Debold and his son are now in jail here.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It in The Sun.

From Friday's Daily Sun.

J. M. Mathews of Tacoma was trading in the city yesterday.

W. S. Moore of Hawthorn was a business visitor to this city Wednesday.

Miss Belle Chitty of Micanopy is visiting her sister, Mrs. J. Fletcher Hill.

G. N. Hendry of Hawthorn was a business visitor to Gainesville yesterday.

James P. Carlton of Bell was in the city Wednesday, having business with the United States land office.

B. F. Walton, a prominent attaché of the Dutton Phosphate Company of Dutton, was transacting business in this city yesterday.

S. G. Gay of Micanopy, member of the firm of Colson & Gay, naval stores operators, was transacting business in this city yesterday.

The fence encircling the handsome property of Col. H. F. Dutton is being improved in appearance by a liberal application of paint.

C. O. Strickland, John Kite and J. B. Holder of Hague were in the city Tuesday. They came on business connected with the school board.

LABOR Contracts, just the thing for farmers and turpentine men, 50c per dozen, \$2 for 50, or \$3 per 100. Cash in hand with order. Address, THE SUN, Gainesville, Fla.

Notice—Taken up, one bay pony about four years old; nick tail. Owner can have same by paying expenses and cost of advertising. Windsor Cook, Orange Heights, Fla.

Warranty deed and mortgage blanks for sale at this office, the form used in Alachua county which saves money in recording. \$2 per hundred or 50c per dozen by mail. Cash must accompany order. dwt

H. M. Chitty has returned from Micanopy, where he was summoned on account of the illness of his father, E. C. Chitty, and brother, S. R. Chitty. It is hoped that the patients will recover speedily.

J. E. Marshall of Mayo was among the business visitors to Gainesville yesterday. Mr. Marshall has not been to Gainesville for several years, and was well pleased with the rapid development of the city.

The residence belonging to Mrs. J. W. Cannon, East Magnolia street, is being materially improved by the addition of a new roof and siding. This is one of the neatest and most comfortable little cottages in the city.

DeWitt Hague, the clever son of Mr. and Mrs. W. C. Hague of Hague, was in the city on business yesterday. Notwithstanding that DeWitt is only a lad of fourteen or so, he is fortunately possessed of a great deal of judgment, and it often sent to Gainesville on important business.

Information has been received in this city of the death of R. Dale Gilmore, which occurred at Bridgeford, N. J., on Tuesday. Deceased was known in this city, where he resided with his wife and baby for nearly a year. He was employed in the office of District Superintendent H. A. Ford of the Atlantic Coast Line, in the capacity of stenographer. Friends here will regret to learn of his death, and will extend sympathy to the wife and child.

A. H. Emerson and wife of Tacoma are spending the summer at Waynesville, N. C., and in a letter requesting The Sun sent him says: "We are pleasantly located at Dr. McFadyen's, one mile east of town, on top of a small mountain, with higher peaks east and west of us. We are seven miles from Balsam, the highest railroad point east of the Rockies, and will spend a week there before returning home. Major Thomas and family, including his mother, will join us here this week, and a great many other Florida people are also here. Blackberries, apples and peaches are just in, and vegetables are now in the height of season, but green corn has not yet appeared in market. Chickens are 'ripe' and frequently 'paled.' Mrs. Watkins and Mrs. Emerson are improving in health, and Col. Barr and myself are getting fat."

From Saturday's Daily Sun.

O. W. Maines, a progressive farmer of Montecucha, was in the city trading yesterday.

Mr. and Mrs. H. M. Moran of Campville were among the visitors to this city yesterday.

J. F. Futch of Haynesworth was in the city on business yesterday. He called at The Sun office and renewed his subscription.

Strayed—From Robertson's Point, Newnan's lake, large brown mare. Spring in one knee. Reward. C. V. McKinstry, Gainesville.

T. C. Scott and Dr. A. R. Williams of Alachua were among the visitors to this city yesterday. The former made The Sun an agreeable call.

The intense itching characteristic of salt rheum and eczema is instantly allayed by applying Chamberlain's Salve. As a cure for skin diseases this salve is unequalled. For sale by all druggists.

Raymond Mathews of Flemington, a baggagemaster on the Atlantic Coast Line between Palatka and Rochelle, was in the city yesterday. He was en route from home, where he has been on a visit to his parents.

J. W. Thomas of Dunnellon passed through the city yesterday. He was en route to Jacksonville as a representative of the Dunnellon municipality, having been sent to select the machinery for an electric plant for the town. Dunnellon is a mining town, with dark nights and sandy streets. Put the two together, and it will be readily seen that lights are a necessity. Hard roads would not be bad.

Rollie Beck, a clever young man of Central, Levy county, passed through the city yesterday en route to High Springs. Mr. Beck is quite popular among the young ladies, and it is said he had many friends among the sex in his section. He is a baggagemaster on the Atlantic Coast Line, and whenever he writes his parents that he is coming home the young ladies in the neighborhood "line up" to do him honor. He likes them all, but friends declare he has his preference.

Claude Birchman, a valued employee of the traffic department of the Southern Bell Telephone Company, is in the city. Mr. Birchman came for the purpose of extending the line of the Southern Bell from Gainesville to various points in the county, for the convenience of the farmers and out-of-town residents who desire long distance connections. The Southern Bell will install a full and complete system, which they claim will be in full working order in a few months, or as soon as the lines can be constructed.

T. J. Cone, the lumber manufacturer of Raleigh, was a visitor to this city Thursday, returning Friday morning. He was accompanied by J. M. Davis, who has been for some time connected with him in the capacity of superintendent of the Cone plant. Mr. Davis expects to leave in a day or two for Savannah, where he will probably accept another similar position for a large concern. He has been for the past four years with Mr. Cone, who dislikes very much to give him up, but they will separate upon the friendliest of terms, and Mr. Davis is assured of a "job" and the most hearty welcome when he decides to come back. Messrs. Cone and Davis are Elks, and members of Gainesville lodge.

STEVENS, Ala., June 6, 1901.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very severe nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctor said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success. I am Yours truly, W. C. DANIEL.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, venereal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. E. W. Hall, sole manufacturer, P. O. box 230, St. Louis, Mo. Send for testimonials. Hall & Co., Manufacturers & Co.

CONSUMPTION

From Sunday's Daily Sun:

J. R. Cathcart of Alachua was transacting business in Gainesville yesterday.

W. C. Lindsay of Lottville was transacting business in this city yesterday.

Chas. M. Dell of Hague was trading and visiting relatives in this city yesterday.

Miss Ida Jackson returned to Lochloosa yesterday after a pleasant stay with the family of Mr. Bunch.

E. B. Godwin of Paradise, manager of the Chase naval stores interests at that place, was in the city yesterday.

Mr. and Mrs. L. H. Hall and two daughters of Orange Heights were among the visitors to the county capital Friday.

W. J. Hodge, a prominent citizen of Alachua, was a business visitor to this city yesterday. He was accompanied by his son, Maxey.

Mrs. R. M. Chamberlain of Tacoma and Mrs. W. M. Burch of Clayt were in the city Saturday, the guests of Mrs. Maretha Brooks.

Miss Hattie Hawthorn, the charming daughter of Mr. Geo. Hawthorn, the cattle king of Hawthorn, is visiting her cousin, Miss Alys May Carr.

W. N. Wilson left yesterday for New York, where he goes to purchase the fall and winter stock for Mrs. R. Wilson. He expects to be absent about three weeks.

Mrs. T. J. Cone of Raleigh passed through the city yesterday en route home from a visit to Alachua, where she was present at the wedding of Miss Rosa May and Mr. Pearson.

Mrs. Evans Haile has gone to Mountain Lake Park, Md., where she will spend the remainder of the summer as a guest of friends. Friends here wish her a pleasant and beneficial sojourn.

Mrs. Frankie Dell and son Shannon will leave for Chicago today, where they will go to visit friends. Mrs. Dell and son will visit Minneapolis and St. Paul before they return home. Friends wish them a pleasant visit.

J. G. Harold has returned from Asheville, N. C., where he has been with his daughter, Miss Alma, for the past few days. Miss Alma proceeded to Waynesville, where she will spend the next few weeks with her aunt.

HIGH-GRADE PLUMBING

...and...

SEWERAGE

at less than the old prices for poor work.

We are now prepared to put in First-Class Plumbing and connect to sewerage in front of your house, and have it all ready to connect to the city sewer when it is accepted by the city. Come early and avoid the rush that will take place when the new sewers are accepted by the city.

All work put in by regular plumbers under a sanitary engineer and guaranteed. Beware of accepting any work that will not pass Jacksonville inspection.

Estimates cheerfully given and plans and specifications drawn up in accordance with New York and Jacksonville Sanitary Requirements.

Country work a specialty. Experts on sewerage for country homes.

The S. J. Thomas Co.

Mrs. E. C. Massey of Columbia county, who has been here on a visit to Mr. and Mrs. T. J. McEvoy, has returned to her home. She was accompanied upon her return by Mrs. McEvoy, who will spend some time as her guest.

Miss Edna McCredie passed through the city yesterday en route home for a short vacation. She has just returned from Baltimore, where she has been making the fall purchase of millinery for the firm of Hodgson & Wood at Archer.

Miss Kate Fielding left yesterday morning for Williston, where she has accepted a position as assistant in the Williston high school. Alachua county can ill afford to lose such teachers as Miss Fielding. In this case Alachua's loss is Levy's gain.

V. R. Winters was in the city yesterday. Mr. Winters, formerly of Waldo, is now making his headquarters in Jacksonville, and is representing the Ludden & Bates Southern Music House. Friends will be glad to learn that he is prospering in his new position.

W. E. Baker has just returned from Inverness, where he has arranged to open an abstract business. Mr. Baker is thoroughly competent when it comes to land matters. He has recently established an abstract office in Perry, Taylor county, and it looks as though he proposes to make a chain.

Mrs. Joseph A. Etzel expects to make her departure this morning for Portsmouth, Va., where she will spend a few weeks with relatives. She will also visit other sections of the Old Dominion State before returning home. Friends wish her a delightful and beneficial sojourn, which is sure to be the case.

The many friends of Rev. John Brown and wife of Fernandina will regret to learn of the death of their little infant child. Mrs. Brown was formerly Miss George Hampton of this city. The remains will be shipped to this city, where they will be interred in the Evergreen cemetery Monday afternoon.

Louis A. Arson of Micanopy is in the city, having come to attend to some important business. Louis is a colored man, but a very progressive citizen. He is a school teacher by profession, and is principal of the Micanopy school, one of the best colored schools in the county. He has purchased a neat little home on North Garden street, this city, and expects to move there within the next few weeks.

The University Tent of the Maccabees held a meeting at the P. O. S. of A. Hall Friday evening, which was largely attended. Organizer Hamrick, who was also representative from Florida to the session of the Grand Lodge at Port Huron, Mich., was present, and made a neat and instructive address, which was appreciated by the large membership who heard it. There was work at this meeting.

A DELIGHTFUL AFFAIR.

Young Friends of Prospective Bride Give Her a Kitchen Shower.

From Saturday's Daily Sun.

There was a jolly crowd at the elegant home of Col. and Mrs. I. E. Webster Thursday evening, the occasion being a "kitchen shower" complimentary to their friend, Miss Kate Bruce, who is to be married Sunday evening at North Gainesville Hall to John W. Crouch.

Both contracting parties are well and favorably known in North Gainesville, as well as throughout other sections of the city, and as a token of regard, it was decided to thrust this pleasure upon them.

There were many presents, among which were some very handsome gifts from admiring friends. It is safe to say that the young people will have ample to begin housekeeping upon in the culinary department.

Miss Bruce and Mr. Crouch expect to be married Sunday evening. The ceremony will be performed by Rev. I. E. Webster, and it is needless to add that a good crowd will fill the hall upon that occasion.

ACCIDENTS INCREASING

Fast transportation, poor railroad service, the multiplied diversities of daily life, whether in business or recreation, and the careless haste and nervous intensity of American character are resulting in a constantly increasing average of accidents, fatal and disabling.

18,296 PEOPLE KILLED AND HURT DURING JANUARY, FEBRUARY AND MARCH.

Washington, July 25.—The railroad accident bulletin which has just been issued by the Interstate Commerce Commission for the three months ending March 31, 1906, shows the total number of casualties to passengers and employees to be 18,296 (1,126 killed and 17,170 injured). This is an increase of 17 in the number of killed and 50 in the number injured over those reported in the preceding three months.

The number of passengers and employees killed in train accidents was 274, as against 320 in the preceding three months, a decrease of 46 in the number killed.

The total number of collisions and derailments was 3,480 (1,921 collisions and 1,559 derailments), of which 286 collisions and 167 derailments affected passenger trains. The damage to engines and roadway by these accidents amounts to \$2,924,735.

SERIOUS WRECK OF PACIFIC EXPRESS

Fifteen Passengers Were Seriously Injured—Engine Plunged Into River.

Fishkill Landing, N. Y., July 29.—Pacific Express Train No. 37, of the New York Central and Hudson River Railroad, which left the Grand Central station in New York at 9:02 o'clock tonight, was wrecked shortly before midnight a short distance above Chelsea, and eleven miles below Poughkeepsie, by running into a landslide which had been swept down from a high embankment by a terrific rain storm this afternoon. The engine of the flyer was thrown from the rails and plunged into the river.

TWO YACHTS CAPSIZED.

Eight Persons Lost Their Lives After Thrilling Experiences.

Anglova, N. J., July 29.—Two yachts captured in the fiercest of storms today and so far as can be ascertained tonight eight persons lost their lives. There were 32 persons on one yacht, of whom seven were lost, and 12 on the other, all but one of whom were saved.

That not more fell victims to the roughness was due to the heroism of Capt. Ludlum of the Hereford inlet life saving station and a crew of five men. It was at first thought that from 14 to 25 persons had been lost, but after an investigation the coroner tonight stated that he believed only eight were lost.

20 PERSONS KILLED IN SEABOARD WRECK

By Blunder Trains Meet in Terrible Collision—Both Demolished.

Raleigh, N. C., July 24.—A collision between a freight train and a regular passenger train on the Seaboard Air Line Railroad at 8:40 Sunday night, three miles south of Hamlet, resulted in the death of four trainmen and sixteen others, and the injuring of twenty-four.

The bodies of the dead are being prepared for burial at Hamlet and Rockingham, while the injured have been removed to Charlotte and placed in the hospital there. The wreck was due to the failure of the regular passenger train to receive orders at Rockingham.
